

DNA Upgrade & Restoration Kit: Answer Sheet

Congratulations! I'm excited you're here and ready to clear outdated or irrelevant code and programmes that are stopping you from being visible, sharing your gifts as widely as you choose and enjoying and well-being at every level!

This is a turning point. Your life may never be the same – in a good way - after you listen to the audio. It's a special time for you, so plan to be in a private place where you can relax and give yourself permission to receive.

Please **DO NOT LISTEN** to the audio when driving, operating machinery or doing anything else that requires your full attention to be safe. Sound good?

Feel free to use your Kit as often as you like. For example, you may want to go through this process once a week 3-4 times initially, then move to once a month or the beginning of each season. Just like your phone or computer, you are constantly evolving and there's no need to only go so far in the upgrades you install!

Think of it as running anti-virus software on your computer. This can help you stay free of bugs or viruses from recurring thoughts based on habitual rather than clear thinking, other people's ideas and beliefs, or paradigms that you might run into just by being in the world. Whatever it may be, none of these "bugs" are more sophisticated or have more say in how you live your life than you do! Nothing!

Here's to your results being even greater than you can hope for, dream of or even imagine at this moment!

Love, love, love
